Dear Parent and carers,

We will shortly be giving you access to your child's secure online learning journey. This will allow you to see some of the learning that your child has chosen to do during child initiated play.

This is unique to Foundation and is currently being trialled. Your comments would be most beneficial in helping us to decide if this should be used continuously for forthcoming foundation classes.

In order for you to gain access to the safe and secure online learning journal, we will need an email address for every relative that you would like to have access to your child's learning journey. We would recommend that this is limited to just the parents or carers.

When you are given access you will only be able to look at your own child's learning journey. You will be able to add your own comments as well as download photos or videos.

Please provide email addresses. You will then receive login in details. (Please allow a week for this process to take place)
