Home/School Agreement

This agreement has been developed by the pupils, parents, staff and governors of our school and is an important part of establishing a positive partnership between home and school. It defines the vital roles, responsibilities and expectations of those involved.

Our School's Ethos:

Learning together to be the best we can be

Opportunities Achievement Creativity

Our children are the heart of our school. We provide a safe, happy environment in which children feel valued, nurtured and encouraged to persevere to reach their full potential and find their place within the world.

Our Vision for our children

We aim to help our children, in partnership with their parents, to:

- Become the best people they can be by living positive human values
- Develop lively, enquiring minds that promote curiosity, creativity and risk-taking in their learning
- Develop a sense of awe and wonder about the world around them
- Embrace and foster their individuality
- Become life-long, resilient learners with high aspirations
- Live respectfully in a culturally diverse world and contribute positively to their community

We will do this by:

- Teaching and instilling positive values to use in school, home and the wider community
- Providing a highly creative and enriching curriculum that is influenced by the children and results in high standards of achievement
- Providing a happy, safe and stimulating environment where children feel valued and develop a love of learning
- Being a creative, forward-thinking staff who relish challenge and forge partnerships with the wider community that enhance academic and pastoral development

Our Values-Based ethos ensures that our pupils are at the heart of everything we do and one of our main concerns is for their safety. Our Child Protection and Safeguarding Policy contains more information (available on our website).
